DEPUTY AUDITOR WM. ANDER-SON SUDDENLY EXPIRES.

William Anderson, a former resident of Grand Forks, N. D., died suddenly last night about 11:15 o'clock while on car 314 at Takoma Park. His wife was on the car with him at the time. Mr. Anderson dropped upon her lap and believing he was experiencing a fainting spell, Mrs. Anderson proceeded to care for him as she had upon other occasions. He did not respond to the treatment, however, and a telephone message was sent for a physician.

The physician examined the body and pronounced life extinct. The remains were then removed to the tenth precinct police station and were afterward removed to Wright's undertaking establishment, 1337 10th street northwest. His remains will be taken to Grand Forks for interment.

Citizen of North Dakota.

Mr. Anderson, who was fifty-two years old, was a prominent citizen of North Dakota. He served as mayor of Grand Forks and was a candidate for a seat in the United States Senate several years ago. His wife and two children, a son and daughter, survive him. His daughter lives at Bow-bells, N. D., and his son is connected with the Great Northern railroad. The deceased was a member of Grand Forks, N. D., Lodge of Masons; Columbia Chapter, R. A. M., and Columbia Commandery, K. T., of this city; also of Almas Temple A. A. O. N.

of Mystic Shrine of Washington.

About a year ago Mr. Anderson was appointed deputy auditor for the Post Office Department and lived with his wife at 1408 Girard street. He and Mrs. Anderson had spent the evening with friends at Takoma Park and were starting homeward at the time his death occurred. It is said he had been subject to fainting spells and his death, it is believed, was due to an attack of heart trouble. Not long ago he had to undergo an operation, and, it is believed, the operation weakened him.

Mrs. Anderson was overcome with grief over the sudden taking away of her husband and was accompanied home by friends. Messages have been sent to the two children notifying them of the death of their father.

Funeral services will be held tomorrow afternoon at 4 o'clock at Wright's under-

taking establishment, 1337 10th street The body will be placed in a vault until Mrs. Anderson can complete arrangements

for her departure for Grand Forks, S. D., where interment will be made. Mr. Anderson was apparently in good health yesterday afternoon, and at 4:30 o'clock he assisted in an inspection of the Port Office Department building.

CARPENTER SUES FOR DAMAGES. Injured While Working on Agricultural Buildings.

Victor A. Pape, a carpenter has instituted proceedings in the District Supreme Cour tto recover \$10,000 from Ambrose B. Stannard, the contractor in charge of the erection of the new buildings for the Department of Agriculture. Mr. Pape says hat in June last he was ordered by the defendant to shore up one side of an excavation or trench in the foundation work of the buildings. While so engaged, he avers, the opposite wall of the excavation caved in and precipitated upon him large quantities of earth and timber. His right leg was injured, he says, and he has been incapacitated from performing his work, from which he claims to have been earning \$2,000 per annum. Attorneys Worthington, Heald

Sues to Set Aside Deed.

Suit to set aside a deed from the late Charles R. Morgan to Edward F. Morgan was filed today in the District Supreme Court by Marie M. L. Morgan, Charles H. Morgan and Malcolm A. Morgan, naming Edward F. Morgan as defendant. In the bill the complainants allege that

Charles R. Morgan, while in an infirm condition a short time prior to his death, which occurred October 24 last, executed a deed to the defendant of a half interest in certain property in Chevy Chase. The court is asked to declare the deed invalid and to enjoin the defendant from interfering with the property.

DETECTIVES CAPTURE MAN AC-CUSED OF DIAMOND ROBBERY.

An important capture was made this norning as the result of an investigation that has been made by Detectives Hartigan, Muller, Cornwell and Baur, the prisoner being a colored man, Robert Barker, alias Jackson, charged with robbery. It is alleged that he stole various articles from the home of Thomas H. McInerney, manager of the department store of Siegel, Cooper & Co., in Pelham, N. Y. Barker was employed in the house as butler. A few days ago, when the detectives learned that a young colored man had pawned some

valuable diamonds, obtaining about \$200 from local dealers, their suspicions were aroused, and they started an investigation. For several nights the four detectives have remained about the houses of colored persons in their search for the man, and this morning shortly after daybreak, De-tectives Hartigan and Baur were rewarded by finding him at No. 70 Massachusetts ave-nue northwest. No trouble was experienced in capturing him and he promptly admitted that he had robbed his employer of about \$1,500 worth of diamond jewelry. The latter was communicated with by telephone this morning, and he valued his stolen property at about \$2,000. He told Captain Boardman that the sheriff of Westchester ounty will come here to get the prisoner.

Search Rewarded. The detectives learned that the suspect reached here about six weeks ago and that he had been seen with a woman. He dressed well, wore fine jewelry and seemed to have plenty of cash. Hangers-on and others in the section south of Pennsylvania avenue near 12th street became jealtectives. Detective Cornwell was stationed last night in a house in South Washington and was seated in the kitchen, when he heard a noise at the door. When he opened the door he met a colored man with four live chickens. He placed the man under arrest and took charge of the fowls. Then he returned to the house and remained until he learned of the arrest having been made

in the Massachusetts avenue house.

At an early hour this morning Detectives Hartigan and Baur called at the Massachusetts avenue house and went to the upper floors. When Barker learned that detectives were in the house he started from his room to go to the roof and was climbing the ladleading to the skylight, when Detective Hartigan caught him and placed him in custody. He was undressed but soon donned his clothing. Upon reaching police headquarters he admitted his guilt, it is said, and surrendered the diamonds and jewelry that he had not pawned.

Y. M. C. A. PHYSICAL DIRECTOR WILL GO ABBOAD.

Mr. Mel B. Rideout, physical director of the local Young Men's Christian Association, has tendered his resignation to President Woodward. It will be presented to the board of directors of the association at a meeting to be held next Wednesday evening. At the same time the resignation of Mr. E. G. Denison, the business secretary of the association, will also be presented. Mr. Rideout says he decided to resign only after mature deliberation. Several months ago the international committee of the Young Men's Christian Association, which has its headquarters in New York, decided that a search should be made among the different associations through-out the country for a man to take up the work on the continent of Europe. Mr. Rideout was selected as the man for the place. When the position was offered to him he was inclined not to accept it, but after consideration concluded that he should undertake the mission. One fact that governed the international committee in selecting Mr. Rideout was that for ten years he was physical director of the Paris Y. M. C. A. He came from Paris seven years ago to take up the duties of physical director in this city. On account of his knowledge of the French language and of his work in France he was the unanimous of the members of the committee Mr. Rideout's new work will not be in the physical line, but will consist of the general Y. General Advisory Capacity.

Mr. Rideout will serve in a general advisory capacity with the board of directors. and will take charge of the development of tries named. The resignation will probably be accepted, as it is said to be the intention of the members of the local associa-tion to do all in their power to aid in the effort to further the work of the national board. Mr. Rideout has decided that he will not take the members of his family to Europe for the present. They are to remain in this country until he decides as to what s best to do in the matter of removal. No one has yet been mentioned to succeed to the position of physical director of the

local association.

Mr. Denison will soon leave for Philadelphia, where he will engage in business. He has been connected with the local association for several years, and from time to time occupied various secretarial positions. Recently he was appointed business secretary. During the time that he has lived in this city he has made many friends by his uniform courtesy to every one.

The passengers in four cars which were blocked at 7th and Market streets, Philadelphia, at 4 o'clock Thursday morning were probably unaware of the cause of the delay, for those who knew merely smiled in a knowing way when asked any questions. The fact is that there was suddenly added to the number of riders in a Lan-caster avenue car, which headed the line, a tiny little passenger for whom no fare was charged. After a man had whispered a few words to the conductor all the passengers were requested to alight. This they did and the cortains in the car were pulled down. 35 Years

Terrible Scaly Humor in Patches All Over the Body-Skin Cracked and Bleeding—Itching Unbearable—Cured by Cuticura in Thirty Days at Cost of \$4.75.

ANOTHER WONDER-FUL CURE BY CUTICURA.

"I was afflicted with psoriasis for thirty-five years. It was in patches all over my body. I used three cakes of Soap, six boxes Cuticura Ointmen and two bottles of Cuticura Resolvent. I bathed with the Soap, applied the Ointment once a day and took the Resolvent as directed. In thirty days I was completely cured, and, I think, permanently, as it was about five years ago.

"The psoriasis first made its appearance in red spots, generally forming a circle, leaving in the center a spot about the size of a silver dollar of sound flesh. In a short time the affected circle would form a heavy, dry scale of a white, slivery appearance, and would gradually drop off. To remove the entire scales by bathing or using oil to soften them the flesh would be perfectly raw, and a light discharge of bloody substance would ooze out. That scaly crust would form again in twen ty-four hours. It was worse on my arms and limbs, although it was in spots all over my body, also on my scalp. If I let the scales remain too long without removing by bath or otherwise the skin would crack* and bleed. I suffered intense itching, worse at nights after getting warm in bed, or blood warm by exercise, when it would be almost unbearable.

"To sum it all up, I would not go through such another ordeal of affliction for thirty-five years for the state of Kansas. (Signed.) W. M. Chidester, Hutchinson, Kan., April 20, 1905." Cuticura Soap, Ointment and Pills are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston.

Trial of John F. Beach. The case of John F. Beach, charged with assaulting Ernest Gichner at the marine

barracks in September last, will be called for trial next Monday morning in Criminal Court No. 1. There are two counts in the indictment, one alleging assault with intent to kill and the other assault with a dangerous weapon. It is charged that a quarrel occurred be tween the two men several days prior to

the date of the alleged assault and that the day in question, while the men were at work at the barracks Beach fired three shots at Gichner, all of which took effect. The defendant is represented by Attorneys Leckie and Fulton & Cox. At the conclusion of the hearing in the Beach case, which will probably occupy two days, the United States attorney will call the case of Edward Ferguson, charged with murder in connection with the death of Bertha West, June 1, 1905.

DON'T FAIL TO SEE KITTY!

"The Last Days of St. Pierre," With 100 superb stereopticon views from exclusive photos taken by the noted lecturer, FRANK R. ROBERSON of New York.

The destruction of St. Pierre, Martinique, is the supreme catastrophe of the age. Thirty thousand to forty thousand people of St. Pierre passed from life unto death in the twinkling of an eye. The top of the mountain blew off and flooded the town with fire.
